TIMKEN

Where You Turn

www.rolman.com

The Timken Company engineers, manufactures and markets bearings, transmissions, gearboxes, chain and related products, and offers a spectrum of powertrain rebuild and repair services. The leading authority on tapered roller bearings, Timken today applies its deep knowledge of metallurgy, tribology and mechanical power transmission across a variety of bearings and related systems to improve reliability and efficiency of machinery and equipment all around the world.

Known for its quality products and collaborative technical sales model, Timken posted \$3.1 billion in sales in 2014. With approximately 16,000 people operating from 28 countries, Timken makes the world more productive and keeps industry in motion.

Timken in Numbers

2014 Sales: \$3.1 billion.

Total number of people worldwide: approx. 16,000.

Total number of facilities: 61 plants/service centres; 91 sales offices; 12 research and development and engineering centres; 23 shipping centres; and four joint ventures located in 28 countries on six continents.
